(see next page for Accessories)

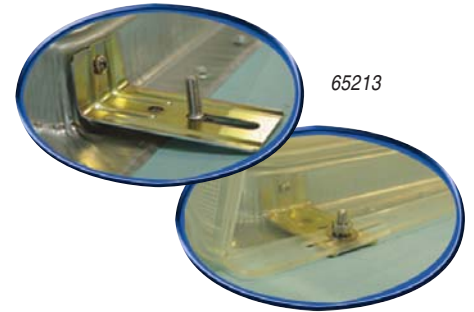

Ventmate Accessories

Ventmate Rubber Roof Mounting Kit (included)

Mounts to the side of most popular 14" x 14" roof vents. Eliminates the need to remove existing vent mounting screws while also eliminating the need to drill holes in the roof. Works with all VentMate vent hoods.

65213 Rubber Roof Mounting Kit

Ventmate Drilling Jig

Make installation of Ventmate vent hoods even faster and easier with the drilling jig. Simply place the jig over the vent and drill holes using the heat-treated guides on the jig. Fits most major brands of 14" x 14" vents. The zinc chromate plating provides durable, long-lasting protection against rust.
